

Question: Do I need a prescription to buy a shower chair in the UK?

Answer: No, you do not need a prescription to purchase a shower chair in the UK. However, individuals with disabilities or chronic illnesses may qualify for VAT relief on such products when buying from registered suppliers, like Easy Care Systems. Additionally, the NHS may provide shower chairs free of charge to those eligible for state aid, following an assessment by an occupational therapist or healthcare provider. For private purchases, suppliers often offer guidance on claiming VAT relief.
