

What surfaces can a ramps be installed over?

At Easy Care Systems, Rapid Ramps can be installed over a variety of surfaces, including:

- **Concrete**
- **Tarmac**
- **Grass**
- **Gravel**
- **Paving slabs**

The modular design allows for flexibility, and the ramps can be securely anchored or freestanding, depending on the site conditions. Our team will assess your location to ensure a stable and safe installation, no matter the surface.
